# Safety Information

- Keep the shaver clean at all times.
- Do NOT immerse the shaver in water or any other liquid (Picture 1).
- Do NOT place the shaver in direct sunlight or near heat or fire (Picture 2).
- Do NOT allow the net-blade to come in contact with sharp or hard objects, including fingernails. It is extremely thin and could become damaged and harm your skin (Picture 3).
- If the shaver or cord becomes damaged in any way, take it to a service repair center. Do NOT attempt to repair the shaver yourself. Electric shock may occur.

# Operation

## Shaver

- Remove the protective cover (Picture 4).
- To begin shaving, push the button to turn the unit ON as shown (Picture 5).
- You will get the best results if skin is dry while shaving and if you glide the shaver quickly over the skin using both straight and circular movements.
- Obtain the closest shave by using your free hand to stretch the skin taut while shaving.
- Turn the unit OFF and place the protective cover back on the blades when done.

## Trimmer

- Pop the trimmer up on the back of the unit by pushing the button up (Picture 6).
- Turn the unit ON to begin trimming your beard or mustache.
- Turn the unit OFF and push the trimmer back down when finished.
